Dear Darren,

Thank you for your letter dated 3rd June which you have addressed to my colleague, Ellen Symonds, regarding a road safety concern near our proposed development - The Willows at Corbet Close in Lawrence Weston, Bristol.

I am writing to let you know that, as part of our planning application for this site (Ref. 18/04599/F), Bristol City Council are proposing the following pre-commencement conditions be undertaken by Curo, which we find relevant to your enquiry:

- Reinstating and upgrading the crossing point along Long Cross
- Upgrading the street lighting along Corbet Close and Long Cross
- Installing tactile paving at all crossing points surrounding the site
- Reinstating the redundant crossover

The crossing points we're referring to above are marked on the site plan enclosed.

While we're still awaiting the exact details of the above requirements from BCC, I believe that these measures will improve road safety conditions around our site and help mitigate residents' concerns.
